

Language and Literacy

These programs will provide a pathway into accredited language and literacy programs, volunteering, employment or a range of community options through literacy and numeracy.

Skills First Reconnect Program

The Skills First Reconnect Program helps unemployed people who have left school early or did not complete high school to reconnect with education and employment. Participants are allocated a coach who will support them to find education or employment opportunities.

Call 9687 1560 for more information about any of these programs and services.

About Us

Yarraville Community Centre (YCC) is a not for profit organisation that has been delivering adult education programs and services to the community for over 40 years.

We are a Learn Local and registered training organisation (TOID 4207) and deliver a range of training packages, and pre-accredited and accredited curriculum in Computing, English Language, Literacy and Numeracy.

We regularly engage with individuals, community organisations and industry to tailor courses specific to the needs of particular groups and individuals. Please contact us for your training needs on 9687 1560 and speak to the Education Manager.

People with disabilities are encouraged to access training with us.

We deliver our classes in: Maribyrnong, Braybrook, Maidstone, Footscray, West Footscray and Yarraville

PRE-ACCREDITED TRAINING

These classes are for people who wish to return to study in an informal, relaxed community setting without any formal assessment. Suitable for adults of all ages, classes are delivered across Maribyrnong.

COMPUTER CLASSES

Beginners

For students who are complete beginners. Learn how to find your way around the computer and how to create new documents, email, save work, use the internet, maintain online security and shop online.

Beginners Plus

For students who have some experience with a computer and wish to build on their existing skills. Further develop your online skills.

Intermediate

Build on your existing skills– and learn new ones. Covers Excel, Word and the internet.

ADVANCED COMPUTER CLASSES

Photoshop for beginners

Learn simple techniques to brighten up landscapes, enhance portraits and gain confidence in image editing. Ideal for gaining an understanding of sharpening, layers, filters and image handling.

Xero online for day-to-day business

Learn how to make your business bookkeeping easier, faster and smarter using Xero accounting software in this convenient online course. Provides video instruction and extra support via online forum.

Build your own e-Commerce Business

Take your business to the next level and learn through a step by step process how to build, launch and grow your own online store.

INTRODUCTION CLASSES

Introduction to Horticulture

This program aims to build learners knowledge and literacy needed to work in the horticulture sector. Gain knowledge in plant recognition, propagation, planting and environmentally sustainable work practices. This course offers career pathways/further study in the horticulture industry.

Introduction to Hospitality

This course is for learners who are wanting to access accredited training in Hospitality and/or employment in the Hospitality Industry. Gain practical language skills and knowledge of food handling and hygiene, preparation and presentation of food as well as customer service skills. This course offers clear pathways to Certificate 1 & 11 in Hospitality.

Introduction to Homebased Business

This class is aimed at enabling learners with limited training opportunities to develop practical skills, work skills and to research home based businesses. The pathway is for further training and employment.

Communication Skills

Build your confidence, communication skills and meet new friends. Learn and share skills in craft activities such as polymer clay jewellery, candle making, wire work and paper craft.

PEOPLE WITH A DISABILITY

Cooking in the kitchen and art

Cooking and art for people with a disability. This 2-part program gives participants a practical, sensory, hands-on opportunity to create scrumptious, healthy meals together. The second half of the session includes sketching, painting and visual arts.

Community choir

Singing for people with a disability. Learn simple songs, no singing experience required. Free your voice and your soul!

YOUTH

Hospitality for Youth - Cook the fridge

This course will provide young people with an immersive hands-on hospitality experience. Upon completion, young people will have developed a broader understanding of the competencies required to transition into further hospitality training and/or employment.
